MEMORANDUM FOR: Director of Logistics

SUBJECT : Arlington Towers - Language Training School

Attached is an extract from the weekly report of the Office of Training. I know that your people are actively pursuing with GSA the location of more suitable quarters for the Language Training School. In light of the problem cited herein I do think that we ought to push vigorously with GSA for a correction of these conditions and as soon as possible. We do not need to wait until 31 August, the expiration date of our lease, to move in to more suitable quarters if they can be found.

"9. Physical Status of the Language School

The recent heavy rains resulted again in water leakage in the Language School. Maintenance has not improved. Parking facilities have continued to deteriorate. No effort has been made to repair any of the interior damage resulting from repairs to the roof. Heating continues to be a major problem with many rooms being too warm or too cold. Soot and dirt continue to seep through the windows and no effort has been made to keep these areas clean. We are continuing our discussions with the Logistics Services Division in an attempt to correct the situation."
